TWO CHILDREN AND MAN
ATTACKED BY STRAY DOG

A stray dog bit two children and a man who tried to rescue them, tore a policeman's uniform and set the neighborhood in an uproar at Stage Street and Graham Avenue, Williamsburg, at 2 P. M. to-day.

Without warning the animal, which seemed to be half starved, attacked Alexander Berger, seven, No. 122 Stage Street, and Vidin Monistad, six, No. 219 Graham Avenue. It had torn the flesh on the left leg of each when Marion Conkist, twenty-five, No. 136 Johnson Avenue, ran over to drive it away. The dog bit him on the right arm and leg. Policeman Vierling of the Stage Street Station was afraid to shoot for fear of hitting the children. He succeeded in stunning the animal only after it had ripped several pieces out of his uniform. The wounds of the victims were cauterized by a surgeon from the Greenpoint Hospital. The dog was locked in a cell at the police station for the Board of Health.

The Danger of Imitations.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine. If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

CASTORIA

Mrs. Wm. Palmer, Sterling, Ill., says: "Your Castoria has been my friend for twenty years. I could not keep my children well without it. I cannot speak too highly of your wonderful remedy."

Mrs. Frank H. Cafferty, of Providence, R. I., says: "If all young mothers would use Castoria it will bring up their child. My nurse and doctor can also tell what your Castoria can do."

Howard A. Banks, of Hickory, N. C., says: "Your Castoria is the only physic we ever give our three babies. The fact that we use it promptly is probably the reason we never have to use any other."

Mrs. A. J. Nelson, of Waco, Texas, says: "Enclosed you will find a picture of 'Our little Castoria boy.' When a week old I ordered your Castoria for him, and I have never been up a night with him since."

Mrs. Eva Ott Melin, of Jersey City, N. J., says: "I attribute the present excellent condition of my baby to your Castoria which he has been using since he was three weeks old. I have not lost a night's sleep in seven months."
